Job Description for Kaleo Worship Arts Ministry (KWAM)

Opportunity: Audio Tech

Summary: The Worship Arts ministry at Kaleo is actively engaged in preparing hearts for worship through song. Every team member plays an active role in leading others in worship and removing obstacles. The Audio/Visual tech team plays a vital role in making the worship team heard, visual aids seen, and our Sunday service available online. The Audio Tech provides both technical and artistic assistance to the congregation by making what needs to be heard, heard.

Time Requirements:

- 2 hour evening practice (7pm-9pm) the Tuesday before you serve
- 2.5 hours (10:45am-1:15pm) at the Sunday service
- Serve a minimum of once every two months

This Position Reports to: Worship Arts Director, Katie Sharp ksharp@kaleoalaska.org

Responsibilities and Authority:

- Connect band and vocalists to sound board at rehearsal and services
    - Adjust audio settings on sound desk to mix proper volume, EQ and monitor levels as needed
- At Tuesday rehearsal:
    - Dial in a 90% mix while band is rehearsing and save the scene to the sound board for use on Sunday morning
    - Coordinate with the band to record each of the songs for the band to practice to during the week; distribute the recordings as directed by the WA Director
    - Help new members of the band understand how to adjust the monitor levels
- At Sunday Services:
    - Check battery levels and address as needed
    - Adjust the mix for that Sunday as needed; mute and unmute mics throughout the service as needed
    - Troubleshoot any unexpected sound issues
- After Service has finished:
    - Properly shut down and put away all audio equipment
    - Turn off all lighting

Qualifications:

- No experience necessary, but must be comfortable with technology and willing to learn.
- Complete a background check
